

IRIS CLOUD CODING IRIS LEARNING SOLUTIONS

Objective

Our mission is to support healthcare organizations to improve their revenue cycle management and achieve their financial goals. We do this by providing comprehensive, innovative, and cost-effective solutions that meet the unique needs of each client.

Our Values

We are committed to providing our clients with the highest quality service possible. We believe that our success is directly tied to the success of our clients, and we are always looking for ways to improve our services.

We are also committed to providing a positive work environment for our employees. Likewise, we believe that our employees are our greatest asset, and we are committed to providing them with the resources and support they need to succeed.

Our Team (AAPC - Certified Professional Coders)

Our team of experts has a deep understanding of the healthcare industry, and we are passionate about helping our clients achieve their goals. We are committed to providing our clients with the highest quality service possible, and we are always looking for ways to improve our services.

Our Story

We started our journey in 2016 as Medical Coding training Company and outsourced our Certified medical coders to various companies (Medvance, Guide House, Optum, Omega, Clarus etc.) located in India. In year 2022 we are become **AAPC (American Academy of**

Professional Coders) official training partner. Further we move forward to live coding for multiple specialty across U S.

Specialty Worked

Outpatient E/M OP and IP.
Urgent Care .
Emergency Department.

What we do

- Assign accurate ICD 10 and CPT codes by reviewing patient chart notes.
- Prepare Monthly ROI presentation to show case the impact on the Revenue that IRIS made.
- Maintaining 24 hours Turn Around Time to complete the coding.
- Weekly provider feedback on the documentation deficiency
- Educating provider on the documentation requirements to report specific procedures to get higher reimbursement.
- Maintaining $\geq 95\%$ accuracy with 100% production on daily basis
- Preparing SOP for client based on update and maintaining the document for coding reference.
- Analyzing and find solutions for client-oriented problem.
